OBJECTIVE

To create distinctive, high quality computer generated images in a creative environment.

SKILLS

- Proficient with 3DS Max (using since 1997), Photoshop (1994), and Premiere (1996).
- 3 Years experience using V-Ray for 3DS Max.
- Create 3D model buildings in 3DS Max using 2D AutoCAD floor plans and elevations.
- Composite live-action footage with computer generated images into digital movies.
- Fluent in Spanish.

EDUCATION

Cogswell Polytechnical College, Sunnyvale, CA. 2000
B.A. - Computer & Video Imaging, Cum Laude.

Hartnell Community College, Salinas, CA. 1997
A.A. - General Studies & Certificate in Multimedia Technology.

EXPERIENCE

B. NEVINS, LTD, Cat Spring, TX 2009-Present
3D Renderer
Created photo-realistic furniture renderings for website and print brochure using 3DS Max and V-Ray. Produced user-controlled 360 view of photo-realistic benches for web. 2007-2008

FREELANCE, College Station, TX 2005-Present
3D Architectural Renderer – Consultant

BENAVIDES DESIGN GROUP, Junior Partner, Monterey, CA 2003-2005
3D Renderer
Created 3D architectural models of residential and commercial interiors, exteriors, and landscaping utilizing 3DS Max. Compositing proposed improvements over existing photographs. Produced 3D animations of 360° fly-arounds and virtual tours.
Generated multiple renders of different exterior paint options.

Junior Draftsman
Responsible for compilation of planning packages; from the measuring of residential and commercial buildings, creating as-built floor plans, proposed designs, elevations, and site plans in AutoCAD, and coordinating with local planning and building agencies. Assisted in the training of a fellow junior draftsman.

Graphic Designer
Constructed and maintained the company's website (except for the homepage).

FREELANCE, Salinas, CA 2001-2003
3D Renderer & Graphics Designer
Created interior and exterior 3D Renderings for local Architects and created various designs and logos for local community groups.

KSBW TV 8, Salinas, CA 1996
Computer Graphics Intern
Created insert graphics for news broadcast under tight deadlines without supervision.
